

October 10, 2023

Dear Family and Friends of the Veterans Home at King,

We are grateful for your continued support of our members and all those who work at our Home.

Today we have the following COVID numbers to report:

- 1 member and 0 staff identified as COVID-19-positive since our last update.
- Accounting for all recent recoveries, we have 13 total cases of COVID-19 on campus (8 members and 5 staff).

Visitors are still being welcomed to all households; however, please be aware of the risks of visiting during an outbreak. We continue to encourage social distancing, mask use, and will continue to test staff and members to quickly identify any additional cases. Additionally, we are following all CDC protocols including enhanced cleaning measures. KN95 masks are available for all visitors when you arrive.

If you are not feeling well, please do not visit until you have taken a COVID-19 test and have fully recovered from your symptoms. Please also be aware of your potential exposure to other respiratory illnesses before you visit our campus.

Vaccines and boosters remain the most effective way to minimize the impact the virus has on you and those you care about most. More information on vaccines, boosters, and resources about COVID-19 can be found on the CDC website (<https://www.cdc.gov/coronavirus/2019-nCoV/index.html>).

Thank you for your commitment to the health and safety of everyone at our Home.

Sincerely,

Tammy Servatius  
Commandant
